

How to find us

By car

From the A20 Südstadt exit, drive in the direction of the city centre and take Nobelstraße, from where you turn right onto Südring (still in the direction of the city centre). At the next major junction, turn left into Erich-Schlesinger-Straße.

Continue straight ahead along Erich-Schlesinger-Straße until you reach the roundabout, which you leave at the second exit. Turn right at the next junction. You will reach the Fraunhofer IGP after about 50 metres.
